Compiled by ERNEST H. MILLER

Charlotte, N. C.

PREFACE

No city or town of today can expect to prosper or progress without making adequate municipal improvements; without such it will never be looked upon as being any good, or having any future; but simply will be called dead or a has-been. In business circles, the City Directory is just as important to the health and vigor of a business, whatever line it may be, as municipal improvements are to the health and vigor of a town; they both go hand in hand; they both mean progress; for they both stand for

EFFICIENCY

which fact is being more vividly demonstrated every day; for there are thousands of City Directories in use now, where there were to be found comparatively very few only a very short period ago.

The business world has awakened to the realization of this need; and there are few towns of any consequence that do not have a City Directory. Just how up-to-date or complete the Directory is, depends in most cases upon the support accorded to the publishers, provided, of course, that they know their business.

It is an old saying that you can judge a man by the clothes he wears—whether this be true or not matters little; we all know that it is generally done; often no doubt to the disadvantage of some one. Just as much as man is judged by his clothes, just so much is the business life and activities of a town or community judged by its Directory; because the Directory is the most complete and the only recognized standard book of reference regarding the citizens of a community, their address, occupation or kind of business in which they are engaged. When you consult a Directory of a town, you can easily determine if it is up to the standard, and if you find it to be well patronized, you need not be told that it belongs to a live community—the fact is self-evident.

It is therefore with pleasure that we present Vol. XXI. of the Charlotte, N. C., City Directory, for the fact is self-evident, that we are doing business in a live community.

Numerical Telephone Directory of Charlotte, N. C.

Note—This is a Department which we have added to the Charlotte Directory and which we think will be found very useful to our patrons. A business man on the return to his office is often requested to call such and such a number, without having the slightest idea to whom he is to speak. Before calling your number, a glance at the following list oftentimes will prove to be a source of great relief.—Publrs.

†Office or place of business.

Biddle University

CHARLOTTE, N. C.

Biddle University, founded by the Presbyterian Church in the U. S. A., has four departments, namely: Normal and Preparatory, Arts and Sciences, Theological and Industrial.

The Preparatory and Collegiate Departments have each two courses of study, Classical and Scientific; the Scientific omitting the Greek and Latin Classics.

The Normal and Preparatory School is designed to prepare the student for teaching and for business life, or for entering the School of Arts and Sciences.

All students in the Preparatory course are required to take some trade and report every day for work in the Industrial School. College students may also take trades. At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Shoemaking, Blacksmithing and Broommaking. One-fourth of the time in recitation hours is devoted to industrial training.

The Collegiate Department consists of four years, the Theological three. The course of study prescribed in the Theological Department is liberal and practical. Besides the ordinary English subjects of the Theological Seminary, students who have taken a College course, or its equivalent, pursue exegetical study of the Greek and Hebrew Scriptures in the Junior and Middle years. When the previous training of students has been partial and his years are mature a shorter and purely English course has been provided.

The school year begins the third Wednesday in September, and closes the first Wednesday of June.

For information or catalog, write President H. L. McCrorey.

New York for the Opera Season—? Now at Home With *The NEW EDISON*

For this marvelous instrument brings Grand Opera into your home. So far as HEARING the great artists of today is concerned they themselves can give you no more than

The New Edison "The Phonograph With a Soul"

This invention Re-Creates the singer's voice with such perfection that no human ear can distinguish artist from instrument. The Edison tone tests in which the singers have sung in direct comparison with the New Edison have proved this to more than 2,000,000 listeners.

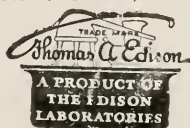

BE CONVINCED.

Frieda Hempel of the Metropolitan Opera, singing in direct comparison with her own voice on the New Edison

Harmon Engineering Co.

INCORPORATED

Manufacturers of Improved Ice-Making and Refrigerating Machinery, suitable for Hotels, Meat Markets, Cafes, Office Buildings, Factories, Small Towns, or any place where Ice or Cold Storage is needed. Mills and Factories with cheap power, can manufacture one ton of ice per day at practically no cost.

A SMALL ICE-MAKING PLANT

These machines are made of the best material throughout, and the workmanship is unexcelled. The construction is very simple and the few working parts are self-oiling.

Corliss Engines Repaired, Reconstructed and made to operate on most economical basis.

We go to your plant, inspect its needs and make repairs on the grounds. We have portable tools for all work.

Timely repairs of leaking valves and worn pistons is money saved.

Queens College

CHARLOTTE, NORTH CAROLINA

In its beautiful campus of 50 acres in Myers Park.

Electric car to college entrance.

Five new buildings: Administration, Music, Science and Art, and two Dormitories.

Equipment new and modern. Sanitation unexcelled.

B. A. Degree, Schools of Music, Art and Expression.

All out-door sports.

Faculty of college grade from the best universities and colleges.

Queens Fitting School

Queens College does not wish to curtail or to discourage the work of the High Schools within its territory, but would like to aid in building up the standards and efficiency of the High Schools.

There are, however, in our State and in our neighboring States scores of High Schools doing only one or two or three years of work. The girls who finish these schools and who wish to go to college must have a school in which to finish their preparation. We offer such a school.

Queens Fitting School employs only the best teachers.

Its standards of thoroughness and efficiency are the same as those of Queens College.

Its students receive the care and supervision necessary for training young girls, and they share the College home and enjoy the College life.

Day pupils who desire to attend a private school will be cordially welcome, as heretofore, to the classes of both the College and the Fitting School.

Literature on request.

OFFICERS

F. W. Edwardy, Sr., President

R. L. Walters, Vice-President and General Manager

F. W. Edwardy, Jr., Secretary and Treasurer

T. A. MacEwan, Mechanical Engineer.

This organization proposes to be in operation by the first of January, 1920, and expects to turn out a minimum of two thousand cars the first year.

All arrangements have been made for material required and the equipment of our factory with the latest improved machinery, and a full complement of the best skilled labor has been arranged for.

Over eight hundred inquiries have already been received for cars and territory from Eastern Pennsylvania, Delaware, Maryland, Washington, D. C., Virginia, Tennessee, North and South Carolina, Georgia, Alabama, and Mississippi.

When the public finds out that they can obtain an ~~\$400.00~~ value for \$395.00 f. o. b. Charlotte, the demand will be impossible to fill in years to come, especially in these days of high prices.

We have the talent, the skilled labor, and the material, and find that we can save fifty per cent. by building every part of the automobile in our own plant, something that has never been attempted in the South before.

The WIZARD, JR., will be our first product, a two-passenger car with light delivery attachment. The attachment is what every merchant has been waiting for in almost every branch of trade. The JR. will be followed by the WIZZARD, SR., the most complete five-passenger car ever produced for the price asked.

THE WIZARD AUTOMOBILE COMPANY will have no State Distributors, but will sell direct and thru County Agents, who should lose no time in securing territory.

The Stock of this Company will be sold in multiples of three shares, two Preferred and one Common, at ten dollars each. Considering price of car and its construction, the world demand for such a car, there could be no better investment.

Terms of sale—One-fourth cash; one-fourth every sixty days thereafter.

The greatest automobile the world has ever produced for the price.

*“Consistency,
Thou Art
a Jewel”*

**Are You a
Business Man?
If So, Why Not**

**Advertise
Your Business In a Judicious Manner?**

THE CITY DIRECTORY

Affords you the best medium for reaching all classes of people, and insures you a publicity wide-spread at a cost small in proportion when compared to that of other mediums.

All Legitimate Directories are: Town Builders, Money Savers, Town Advertisers, Prosperity Forecasters.

The City Directory

Is found in the money centers and is in constant touch with the money spenders. It is the Buyers' Guide, and the Sellers' Handy-Book.

It is an essential of every live business house. WHY then not help to build up that which helps to build up you and your business?

**YOUR
CITY DIRECTORY**

***Are
You In
Business***

?

***Is your ad in
this directory?
All the pro-
gressive busi-
ness men are.***
